

M. Patti Collection (c)

Andong Area

Ref: D-25

The role of the itinerating country missionary today is still one of "pioneer". Dr. Sam Moffett found himself forced to the stream beds and barren rocky cart trails like a tax time as he sought out the churches founded by Bible Institute students, ~~and~~ Kyong In Academy students, and Christian laymen and women in remote, all but inaccessible valleys tucked under, around and behind these never-changing hills.
